Laundry industry all around the world along with the aspirations of the beginners have undergone critical transformations with time. Having successfully completed 16 years of instituting quality products and services in the laundry industry, Cristal has been making meaningful transformations in laundry machinery services and accomplishing world-class standards of products.

The continuous effort to reinforce the commitment to achieve that extra mile helps beginners discover and reach their personal goals in this industry.

As Cristal continues to grow Indian market, its strong vision of becoming a role model for the beginners. We aim to further expand its presence Nationally so that more customers get to experience the quality of our products and consulting as guidance.

about Joby KM

Mr. Joby KM, Chairman Launmark India Pvt Ltd has more than 16 years of experience in the laundry industry, with a strong record of building a solid foundation and a highly dedicated team that deliver outstanding results. His extensive experience spans expertise in global sales, business development, and services.

In 2008, he entered into the laundry industry by the installation of washing, spinning and drying laundry machine at his hometown. His experiences have made him study thoroughly on this industry and to start consultancy of laundry machines in 2011. His service focuses on consultancy, classes, machinery service practical and trading programmes.

Now the brain behind the bravery has branched out to other countries and started consultancy in 10 countries other than India. The knowledge and skills he has acquired along his journey have made him one of the best laundry consultant at the global level.

history

Cristal was started by Joby K M, as a laundry service. When the industry started facing crisis, Cristal started manufacturing 15kg washing machines, in a small scale. Later the company's commitment takes the production to the next level of manufacturing Industrial laundry machines. Now the company can manufacture any type of laundry machinery in any capacity, as per the client or customer request.

about the company

Cristal was started in 2008. Cristal is the 1st & foremost company, started by Joby K M managing director of Launmark India Pvt Ltd., from Laundry service, the company started focusing on the Laundry machinery production by 2011. Cristal started manufacturing laundry machines for wholesale and bulk orders, for other Companies. Company's commitment to the customers and the standard machinery makes cristal to step into the production of medium / commercial laundry machines. Thus company grows and started working in multiple angles like manufacturing laundry and medium laundry machinery.

vision

To make more advanced machinery, and it should be reliable to the Traders who can make business reputedly.
