Comprehensive Coverage of the 121 Project Consultancy

Each project receives individualized attention, structured into the following critical phases:

1

Initial Planning & Feasibility Analysis

- Understanding the client's vision, target market, and business goals
- Assessing site suitability and operational feasibility
- Finalizing the business model: Commercial, Hospital, Hotel, Institutional, or Franchise
- Strategic advice on starting small, scaling gradually, or launching large format setups

2

Equipment Selection & Capacity Planning

- Determining appropriate machine types and load capacities
- Recommending suitable products from Launmark, Cristal, or CLM
- Tailored selection based on power availability, load type, and future expansion
- Guidance on selecting compatible accessories, chemicals, and workflow enhancers

3

Plant Layout & Design Optimization

- Ideal space zoning: Washing, Drying, Finishing, Chemical Store, Customer Lounge, etc.
- Assistance in creating practical layouts that ensure efficient workflow and minimal handling
- Option to receive 2D / 3D AutoCAD drawings (at additional charge)
- Focus on ergonomic space utilization for small, medium, and large units

4

Utility Requirements & Technical Input

- Utility load planning for water, power, drainage, steam, and air systems
- Technical support for civil and electrical design
- Guidance to work alongside your architect or site engineer
- Detailed utility drawings can be prepared (chargeable service)

5

Human Resource & Training Advisory

- Mapping staffing requirements: Operators, Supervisors, Support staff
- Training modules for daily operations, safety, and customer interaction
- Provision of SOPs, checklists, and maintenance guides
- If practical training is needed, it is arranged at our Kochi (Kerala) Training Institute (chargeable as per institute terms)

6

Operational Documentation & SOP Manuals

- Preparation of customized Standard Operating Procedures
- Instructions for machine operation, linen care, maintenance, customer handling, etc.
- Service pricing strategy and billing templates
- Daily activity and inventory checklists for operational efficiency

7

Marketing Strategy & Brand Development

- Name, logo, and identity development guidance
- Assistance in designing uniforms, signage, and customer welcome kits
- Promotions: Loyalty offers, combo packs, WhatsApp marketing, local ads
- Advice on digital platforms: Google My Business, Instagram, Facebook, and WhatsApp Catalogs

8

Pre-Launch & Inauguration Support

- Final pre-launch site review via WhatsApp or video
- Opening day planning: workflow check, live demonstration, customer handling
- Marketing ideas for launch offers and promotions
- Branding checklist for signage, uniforms, banners, and packaging

9

Post-Inauguration Support (Chargeable)

- Operational Audit to evaluate performance and adherence to guidelines
- Suggestions to improve manpower productivity, water/electricity efficiency, and service quality
- Troubleshooting of any recurring operational issues
- Performance gap analysis and expansion guidance (Audit is not included in the base package and is chargeable)

Consultancy Pricing & Project Value Conditions

Frequently Asked Questions (FAQs)

1

What is included in the 121 Project Consultancy package?

The base package includes digital mentorship and consultancy from idea to inauguration, covering machine planning, layout guidance, utility input, staff planning, SOPs, branding direction, and launch strategy via a dedicated WhatsApp group.

2

How do I communicate with the consultant?

All communication is done through a dedicated WhatsApp group (Mon–Sat, 10 AM to 5 PM IST), where Joby KM and his team will provide continuous support.

3

Is site visit or in-person training included?

No. Site visits, physical meetings, or practical training are not included in the base consultancy fee. These are available at an additional cost as per location or training center terms.

4

What is the total cost of consultancy?

- ₹90,000 + 18% GST (i.e., ₹1,06,200) for projects up to ₹25 lakh investment.
- For projects above ₹25 lakh, an additional 5% consultancy charge is applicable on the exceeding amount.

5

Is the fee refundable or transferable?

No. The consultancy fee is non-refundable and non-transferable under any circumstance, even if the client decides to discontinue the project.

6

What is the validity of the consultancy?

The consultancy is valid for until Inauguration of the project or 12 months from the creation of the WhatsApp group whichever is earlier

7

Can I get AutoCAD layouts and utility drawings?

Yes, 2D/3D layouts, CAD drawings, and utility designs are available upon request but are charged separately.

8

Is post-launch support available?

Yes. A post-inauguration performance audit and operational improvement review are available as a paid add-on service.

9

Can I source materials and accessories through you?

While we don't sell directly, we will guide you to reliable suppliers for machines, chemicals, trolleys, uniforms, packaging, and marketing items.

Project Timeline Flowchart
